GOBOTOP mini 230 V PROJECTOR

SPECIFICATIONS

Item:	GoboTop Mini Projector 230 V
Body:	Heat-Resistant Plastic / Stainless Steel
Available Colours:	Black / Silver
Weight:	0.58 kg
On / Off Switch:	For Standby
Environmental Conditions:	For Dry Indoor Use Only
Ambient Temperature:	0 - 30°C
Light Source:	50 W / 12 V MR16 Halogen Lamp
Socket:	GU 5.3
Beam Angle:	24°
Recommended Projection Distance in Normal Room Light:	1.5 m / 5 ft
Recommended Projection Distance in Darkness:	3 m / 10 ft
Average Lifetime of the Lamp:	5,000 Hours
Colour Temperature:	3,200° Kelvin
Programmable Dimmer:	Can Be Activated, 6 Interval Levels Available
Gobo Size / Image Size:	Ø 37.5 mm / Ø 20.0 mm
Voltage:	220 - 240 V AC / 50 - 60 Hz
Active Power (Power Consumption):	56 W
Power Consumption In Standby:	2 W
Apparent Power:	54 VA
Efficiency:	0.99 cos. φ
Electrical Protection:	Protection Class II
Ingress Protection Rating:	IP 20
Item Number:	
Black:	09927620
Silver:	09927630

Ready for use immediately!

Unpack it, mount it and it's ready to project. The GoboTop Mini Projector, designed for close range, can be freely arranged or mounted on ceilings and walls. The motifs can be changed quickly and easily.

Light effects that attract attention:

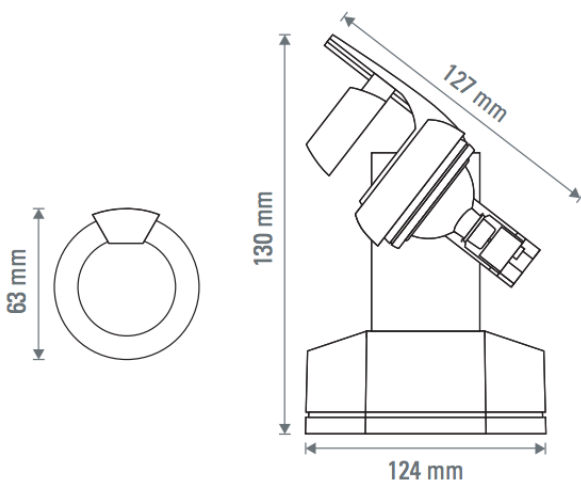

The GoboTop Mini Projector is equipped with a programmable dimmer which enables animated effects. In six selectable interval stages the projected motif can be faded in and out.

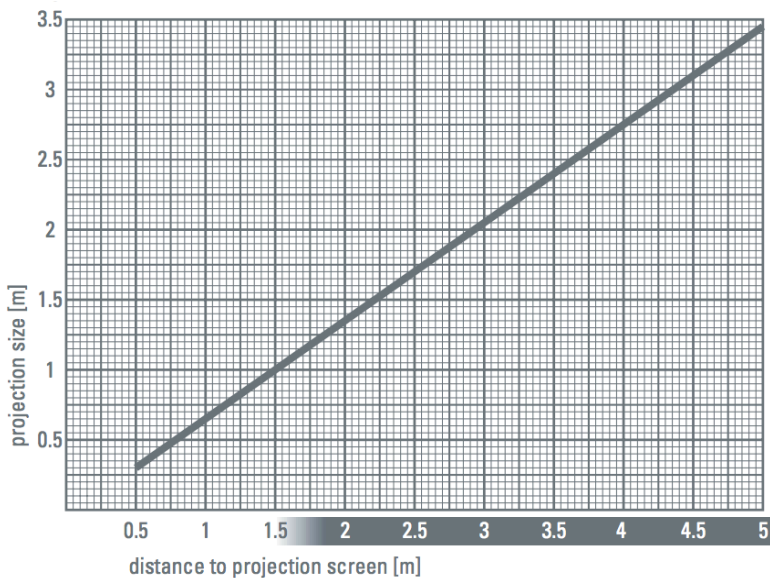

COMPONENTS

Standard series with 50 W MR16 halogen lamp and integrated transformer. The machine is ready to plug in and run. Required accessories: glass gobo with individually designed motif.

GOBOTOP projector head ACCESSORY

SPECIFICATIONS

The projector head can be plugged on any commercially-available 12 volt halogen system. As a result, motifs can be projected with minimal expenses where a halogen system is already installed. The mounting is achieved without tools, simply by plugging in the projector head, including the supplied multi-mirror lamp. The possibilities for use are unlimited: in table and floor lamps, on cable systems, on power rails or as a ceiling spot.

Enlightening

GOBOTOP deflection mirror ACCESSORY

SPECIFICATIONS

The deflection mirror is plugged onto the projector head and can be removed if necessary. The light beam is deflected at a right angle so that, for example, an image can be projected onto the bottom of a showcase or shelf.
